Managing Your Group's Benefits Just Got Easier with eEnrollment

Blue Cross and Blue Shield of Louisiana now offers eEnrollment — a user-friendly online enrollment tool.* eEnrollment provides best-in-class technology that makes managing employee benefits more efficient and easier than ever.

Benefits of eEnrollment tool:

- Secure, reliable and user-friendly system that's available any time
- Removes guesswork from employee eligibility and effective dates with your group's rules and eligibility loaded
- Allows you to easily generate reports including Employee Detail, Employee Census, Dependent Census, Transaction History and many more
- Eliminates the need for paper forms

eEnrollment allows you to:

- Enter new hires, terminations, process open enrollment and qualifying event changes
- Terminate coverage for employees and dependents at the contract or product level
- Change and update employee and dependent demographic information
- Change employee class or subgroup

Next Steps:

Ready to get started and learn more about eEnrollment? Contact your Blue Cross Account Manager or register for one of our [eSolutions training classes](#) today!

Managing Open Enrollment

Save Time.

eEnrollment makes open enrollment a virtually effortless process, so you can complete transactions quickly and easily.

Take Control.

eEnrollment gives you total control of the open enrollment process. Enter employee benefit elections and waivers in just a few online steps. Create custom reports to download and print.

Get Accurate Information.

After you enter your employee benefit elections, eEnrollment sends the information to our records system nightly, so you'll always have the most up-to-date and accurate information.

*Benefitfocus is an independent company providing Electronic Enrollment services to Blue Cross and Blue Shield of Louisiana and HMO Louisiana, Inc.
